# Saints Sport

## St Leonard's College Masters Scholarships

2019 entry

# Sports scholarships

Saints Sport St Leonard's College Masters Scholarships support exceptional student athletes from around the world to achieve sporting and academic excellence whilst studying at the University of St Andrews.

## Eligibility

Sports scholarships are open to international applicants on full-time one-year MSc, MLitt and MRes postgraduate taught Masters degree programmes, across all subjects and all Schools.

## Additional criteria

Applicants must meet the entry requirements for their programme and should be competing at a high level within their sport – usually NCAA, national or international standard.

Sports scholarships are not available for Masters degrees by research, doctoral degrees, postgraduate certificates/diplomas, or distance learning programmes.

## How to apply

To apply for a sports scholarship, please send a sporting CV/résumé (including information on previous clubs/universities and main sporting achievements), along with a current highlights reel to:

### Gary Brankin

Sports Development Manager  
E: [sportscholarships@st-andrews.ac.uk](mailto:sportscholarships@st-andrews.ac.uk)

## When to apply

You should apply for a place at the University of St Andrews as early as possible in order to meet the scholarship deadline. However, you do not need to wait until you have received an offer of a place before applying for a sports scholarship. Applications for sports scholarships must be submitted no later than Friday 15th March 2019.

Sports scholarships will be awarded only to students who matriculate to an eligible degree programme.

## What does it cover?

### Value of the awards (per year)

We offer various sports scholarships for international applicants on full-time postgraduate taught Masters programmes. The range of support varies from a contribution towards the cost of tuition fees, to a reduction in tuition fees from the international to the UK-level fees for your programme.

Tuition fees vary depending on your chosen programme and your assessed fee status:  
[www.st-andrews.ac.uk/study/fees-and-funding](http://www.st-andrews.ac.uk/study/fees-and-funding)

# Why St Andrews?

With over six centuries of heritage, world-class teaching and facilities that are both historic and state-of-the-art, St Andrews offers you an outstanding education. A Masters at St Andrews is more than just an additional stage in your education, it prepares you for your next step and makes you stand out from the crowd.

## Teaching quality

All our postgraduate students benefit from the award-winning teaching for which St Andrews is famous. The small class sizes mean you have close links to leading academics in your field and access to the best facilities on offer.

## Community

Having the University and town fully integrated means that St Andrews offers you a really strong sense of community. Our compact size, coupled with our increasingly popular Postgraduate Society offers you the chance to be part of something special.

## International outlook

Our students come from all over the world, and the international outlook this gives St Andrews is something we believe strongly in. There are over 140 countries and territories represented in our student body, so you know your programme will have people from a range of backgrounds, whatever you choose to study.

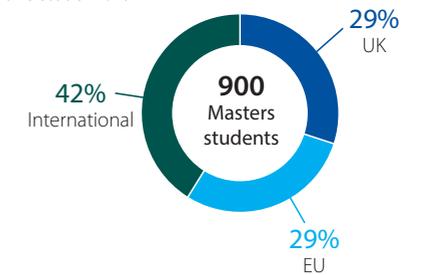

## A sporting education

The synergies between both sporting pursuit and educational achievement can be traced back to the fifteenth century when golf was first played in St Andrews and Scotland's first university was founded in 1413. Today the University continues to make sport central to the student experience, and we pride ourselves on our students' ability to excel

in both their academic and sporting endeavours. Our commitment to excellence is realised through our Performance Sport programme, which recognises twelve key sports, and ensures our top teams and athletes reach their full potential. [www.st-andrews.ac.uk/sport](http://www.st-andrews.ac.uk/sport)

Undergraduates:	7,220
Postgraduates:	1,760
Town population (inc. students):	20,000

As of October 2018

## Your future

Doing a Masters at St Andrews is not just about gaining an outstanding education, but also preparing for where you go next. Our extracurricular activities, skills development programmes and Careers Centre will help prepare you for your future, whatever direction you want to go in.

You will find out more about all our Masters programmes online at: [www.st-andrews.ac.uk/go/masters](http://www.st-andrews.ac.uk/go/masters)

St Leonard's College Postgraduate Study Centre

## Studying at St Andrews

### MLitt/MSc

The one-year MLitt and MSc programmes are our most popular Masters options. The Master of Letters is a degree in the arts and humanities subject areas. The Master of Science degrees are often in the sciences or have practical business applications such as in computing, economics, finance and management. These taught programmes extend over two semesters of teaching, followed by a dissertation or project, usually submitted in August. This is a common pathway for students to progress to a research degree or employment.

### MRes

The Master of Research is a one-year degree normally taken as research training for doctoral study, but has a significant taught element in addition to a substantial dissertation.

### St Leonard's College

As a Masters student at the University of St Andrews you will be part of a growing, vibrant, and intellectually stimulating postgraduate community. St Leonard's College aims to provide opportunities for Masters and doctoral students to come together, socially and intellectually, and make new connections, and promotes a culture of scholarship, creativity and discovery.

### Accommodation

There are a range of University accommodation options for you to choose from. Masters students from outside the EU will be guaranteed accommodation. [www.st-andrews.ac.uk/study/accommodation](http://www.st-andrews.ac.uk/study/accommodation)

## How to apply for a degree

### Application

For taught programmes, applications are made directly using our online form: [www.st-andrews.ac.uk/study/apply](http://www.st-andrews.ac.uk/study/apply)

### Entry requirements

Entry requirements differ across our Masters programmes; applicants should check the full requirements for their programme online: [www.st-andrews.ac.uk/go/masters](http://www.st-andrews.ac.uk/go/masters)

### Supporting documents

- CV/résumé
- A sample of academic written work (if applicable)
- Two original signed academic references
- Academic transcripts and degree certificates
- Evidence of English language proficiency
- Personal statement (if applicable)

Some programmes may require different documents. For information on this and application deadlines, please visit: [www.st-andrews.ac.uk/study/apply/postgraduate/taught](http://www.st-andrews.ac.uk/study/apply/postgraduate/taught)

### English language requirements

Students whose first language is not English may be required to take a Secure English Language Test (SELT). For more details please visit: [www.st-andrews.ac.uk/elt/entry/postgraduate](http://www.st-andrews.ac.uk/elt/entry/postgraduate)
